## SHE-Thailand - GirlFriends

### Dare to Care:

Dare to Care is a ministry designed to reach out to women working in the adult entertainment industry who may feel unloved and unlovable. Dare to Care will have both a local outreach (GirlFriends) and international outreach (SHE-Thailand: Self Help & Empowerment).

Through scheduled prayer meetings specifically for these women, making and personally delivering beautiful gift baskets, providing them useful resources, and spending time with them sharing Truth, our desire is for them to realize they are priceless in God's eyes and loved unconditionally by their Creator and our Lord.

### Vision of Love:

We are the children of the King, who are in a present and continuing love relationship with Him. We are living in obedience to the Lord our God as we consistently pray, study His Word and reach out to love women for who they are in spite of their bondage. Our vision is to reach women working in strip clubs to help them realize they are priceless in God's eyes and loved unconditionally by their Creator and our Lord. Our goal is to love them as ourselves and encourage them through prayer, testimony, and the Word of God. Our desire is that these women would experience God, freedom in Jesus Christ, and healing as He breaks the chains that bind them.
